DETAILED ACTION

1. This office action is in response to communication filed on 3/15/06. Claims 1 – 26 are pending on this application.

Allowable Subject Matter

2. Claims 1 - 26 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 1, in addition to other elements in the claim, the prior art considered individual or combination, does not teach or suggest a variable amplifier comprising: wherein the denominator of the voltage gain is an exponential function, the voltage gain is decreasing while the controlling voltage is increasing, and the controlling voltage is determined according to the subtraction between a first and second controlling voltage.

With respect to claim 14, in addition to other element in the claim the prior art considered individual or combinations, does not teach or suggest a variable amplifier comprising: wherein the voltage gain increases linearly in decibel while the controlling voltage decreases and the controlling voltage is determined by the subtraction between a first controlling voltage and a second controlling voltage.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
